Hospital-Based Outpatient Locations

Penn State Health is committed to providing our patients with exceptional and compassionate health care services. Many Penn State Health Medical Group practices or outpatient facilities are owned and operated by Penn State Health Milton S. Hershey Medical Center, Penn State Health Hampden Medical Center, Penn State Health Holy Spirit Medical Center, Penn State Health Lancaster Medical Center and Penn State Health St. Joseph Medical Center. These locations are designated as “Hospital-Based Outpatient” under federal guidelines, a national model of practice for integrated health care delivery systems.

Receiving care at Penn State Health Hospital-Based Outpatient locations may result in a hospital charge and a physician charge for outpatient services and procedures. Depending on specific insurance coverage, it is possible that some patients may pay more than they would at one of our other locations.
